

Power supply 12V / 1A

1.4 m; without connector; open end

AM-RT-FPOWER

Power supply with 12W (1A) and stabilized 12 V output voltage. It is suitable for LED applications, WiFi, but also for security and camera systems and GSM modems. The power supply is designed for a socket with a standard plug 2.1 x 5.5 mm. Free end cable without connector.

SPECIFICATION

Maximal power	12 W	Working temperature	0 °C ~ +40 °C
Output voltage	12 V	Design	into socket
Maximal output current	1 A	Type DC cable	round with 2 core, lenght 1.4 m, open end
Input voltage	100-240 V / 50-60 Hz	Dimensions	69.0 × 27.0 × 38.0 mm
Standby consumption	< 0.3 W	Weight	90 g
